Prevent Standing Water...

Markers with "No Border" or "Broken Border" are less likely to retain water, which will increase the lifespan of the finish. Specify at time of order if you prefer one of these style borders.

SPECIFY AT TIME OF ORDER THAT MARKERS ARE TO HAVE NO BORDER

No BORDER

BROKEN BORDER

Color Selector...

A wide array of premium color options are available. Choose from our standard colors below, or let us match any color to the Pantone (PMS) color of your choice. "Color Selector" books are available upon request, please call to have one mailed to you. Standard "Powder Coat" colors are listed below.

Raised Finishes SPECIFY WITH ORDER

Satin Polished Aluminum
Painted Background with all raised areas satin polished to expose natural brushed aluminum (silver) finish.

Rolled Gold on Aluminum
Painted background with raised areas painted a metallic gold finish. Colors other than gold can also be applied upon request.

Satin Polished Bronze
Painted or Natural Antique finish background with all raised areas satin polished to expose natural brushed bronze finish.

Additional Finish Options

Natural Antique Finish on Bronze
Available on bronze only. This finish enhances the natural beauty of bronze by darkening the background to a rich brown color. Raised areas are satin brush polished and clear coated.

PMS (Pantone) Color Matching
We can match nearly any color. See the price list for options, or call for more details.

Multi-Color Logos
Logos can be hand painted multiple colors to match your artwork and enhance the signs appearance. Call us with your requirements or see the price list for options.
